TECHNICAL SKILL

Core Languages:	PHP, JavaScript, TypeScript, SQL.
Backend Frameworks & Libraries:	Laravel, Express.js.
Frontend & UI (Supporting):	React.js, Next.js, Livewire, Tailwind CSS, Bootstrap CSS.
Databases & Infrastructure:	MySQL, VPS & cPanel, Basic Server Setup & Deployment.
APIs & Architecture:	RESTful APIs, JWT Authentication, Laravel Sanctum, Role-Based Access Control (RBAC), Database Design.
DevOps & Tools:	Git, GitHub, GitHub Actions, CI/CD Pipelines, Postman.
Software Engineering Practices:	Object-Oriented Design (OOD), SOLID Principles, Clean Code & Best Practices.

SOFT SKILLS

Team Collaboration, Problem Solving, Clear Communication

PROFESSIONAL EXPERIENCE

Backend Developer	April 2025 - December 2025
<i>Zealarax Technology</i>	<i>Lagos State, Nigeria</i>
<ul style="list-style-type: none">Led backend development for enterprise and SaaS applications using Node.js (Express) and MySQL.Built and maintained REST APIs for a POS SaaS platform and multiple CMS-driven websites.Implemented CI/CD pipelines with GitHub Actions, improving deployment speed and reliability.Participated in code reviews to enforce clean architecture and backend best practices.Collaborated with frontend teams to integrate APIs with React.js interfaces.	

Junior Web Developer (Contract)

July 2025 - August 2025

GN128 Solutions

Lagos State, Nigeria

- Delivered end-to-end web solutions, handling both frontend and backend development independently.
- Built and deployed full-stack applications using modern frameworks and relational databases.
- Integrated third-party APIs and ensured performance, scalability, and maintainability.

Backend Development Intern

November 2024 - March 2025

Zealarax Technology

Lagos State, Nigeria

- Contributed to backend development of a Hospital Management System using Laravel and MySQL.
- Developed APIs to support patient records, appointments, and departmental workflows.
- Worked within a team to ensure backend scalability and data consistency.

Software Development Intern (Contract)

April 2025 - May 2025

Prodigy School Suite

Lagos State, Nigeria

- Supported development of a school management system using PHP and SQL.
- Integrated INFOBIP WhatsApp API to automate parent–school communication.
- Built internal automation tools that improved operational efficiency.

Backend Development Intern (Contract)

March, 2025

Ule Homes

Lagos State, Nigeria

- Developed backend features using TypeScript and raw SQL for internal tools.
- Optimized database queries and assisted with debugging backend issues.
- Built internal APIs to streamline business workflows.

Software Development Trainee

March 2023 - November 2024

Kudastech

Ogun State, Nigeria

- Trained in full-stack web development using HTML, CSS, JavaScript, Laravel, and MySQL.
- Built and deployed a production e-commerce platform and blogging system.
- Developed strong foundations in clean code, system design, and team collaboration.

PROJECTS

Hospital Management System | [Live Demo](#)

Backend Developer

Laravel, MySQL / 2024

- Built backend services for patient records, appointments, billing, and staff workflows.
- Implemented secure authentication and role-based access to protect sensitive medical data.
- Improved operational efficiency by reducing manual record handling and errors.

Pharmacy Management System | [Live Demo](#)

Backend Developer

Node.js, Express, MySQL / 2025

- Developed a role-based backend for inventory, sales, and supplier management.
- Designed workflows that minimized stock shortages and enforced accountability.

PPP Investment Management Portal

Fullstack Developer

Laravel, React, MySQL / 2025

- Architected an investment platform supporting multi-stage investor qualification and tracking.
- Built role-based dashboards and audit trails to ensure compliance and transparency.

SaaS POS & Inventory System | [Live Demo](#)

Backend Developer

Node.js, Express, MySQL / 2025

- Designed a multi-business, multi-store backend for POS and inventory operations.
- Implemented transaction logging and inventory controls to improve operational visibility.

CMS Dashboard

Backend Developer

Node.js, Express, MySQL / 2025

- Built a centralized CMS backend enabling non-technical admins to manage website content securely.

EDUCATION

Federal Polytechnic Ilaro, Ilaro, Ogun State.

October 2022 - 2024

- *National Diploma in Computer Science*
